

OPEN CALL FOR THIS POSITION: 6X EARLY STAGE RESEARCHERS
CINBIO (Centro Singular de Investigación de Galicia), UNIVERSITY OF VIGO
www.cinbio.es

CINBIO aims at generating first class science; training in values of excellence and make returns to the society, under a multidisciplinary approach. It is working on basic, applied and clinical research to address prevention, diagnosis and therapy in Biomedicine.

We are over 200 people, professors, consolidated and early stage researchers, PhD students and technicians. We provide and have access to core facility services with ISO 9001: 2015 quality certificate, including bioexperimentation facilities and BSL3 lab.

We are opening a new strategic roadmap with four main strategic areas:

Molecular medicine / Nutrition and Wellness / Nanomaterials / Bio-statistics and Health informatics and intelligent systems. There are 14 research leaders in the areas of Applied Physics / Biomass and Sustainable Development / Analytical & Food Chemistry -Biotoxins- / Colloid Chemistry and Nanophotonics / Magnetic Materials / Nanocatalysis and biosensors / Organic Chemistry / Neuroscience / Endocrinology / Rare Diseases/ Immunology / Evolutionary and Biomedical Genomics / Next Generation Computer Systems / Biostatistics and Epidemiology.

Along the last 4 years, we obtained of over 12 million euros, almost a third in international calls; 65 theses; over 100 articles yearly, 75% of them Q1, 40% first decile, some of them highly cited; transfer output of 4 patents, 27 software records and contracts with industry; being proactive in career development actions. We are now implementing actions to increase funding, especially at international calls and from new sources; in order to improve excellence, outreach, internationalization, and returns to society.

CINBIO follows the University of Vigo's strategy of HR Excellence in Research, and HRS4R - Human Resources Strategy for Researchers, to guarantee the transparency, and ensuring the equal treatment of all applicants. All vacancies are openly advertised.

CINBIO offers **one position for 6X EARLY STAGE RESEARCHERS**

Please, send the required documentation to cinbio@uvigo.es, with the Reference number.

Application deadline: 26th March 2020 (14:00 hours, local time)

ANNEX I. POSITION OFFERED.

REFERENCE: CINBIO20-11. 6X EARLY STAGE RESEARCHERS

Profile: CINBIO offers up to 6 positions for **EARLY STAGE RESEARCHERS**.

Requested: Master's degree in areas related to Biology, Chemistry, Mathematics, Informatics, Engineering, Physics, or Medicine. We will also consider students who will obtain the master's degree before 2021.

Skills:

- Excellent academic record, and strong interest in research, to join an established center with multiple lines of biomedical research, that will sure suit your curiosity.
- Highest motivation to carry out scientific experiments in a reliable and efficient way, excellent communication skills; and willing to advance on their PhD pursuit.
- Focus on the daily work, proactive, attentive to detail, autonomous, and able to collaborate in the lab tasks.
