SANTÉ

The Centre de Recherche Public de la Santé (CRP-Santé) adheres to the « European Charter for Researchers » and the « Code of Conduct for the Recruitment of Researchers »

Luxembourg, February 28, 2007

We are delighted to inform you that the CRP-Santé has adopted the principles outlined in the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers. During a meeting on February 28, 2007, the Board of Administrators voted unanimously in favour of the Charter and Code published by the European Commission on March 11, 2005.

Many aspects of the Charter and Code have already been implemented and are part of CRP-Santé's culture. Nevertheless, the adoption of the Charter and Code will provide additional guidelines of orientation and foster initiatives for further improvement. By adhering to the Charter and Code, CRP-Santé hopes to contribute to the European Union's innovative strengths, to a competitive and dynamic knowledge economy, as well as to the career development and international mobility of researchers.

We are confident that this European Charter and Code will play a key role in achieving these objectives.
